your business

Business

Two great brands. Two powerful networks. Virgin Media Business and O<sub>2</sub> Business have joined forces to provide a new type of digital partner that today's UK has been waiting for. By bringing together mobile and fixed connectivity, your organisation can now be better connected working from home, in the office or on the go.

## Doing things differently

Running a business today is very different to how it was a few years ago. Ways of working have changed, and people now increasingly flex the hours of the day they work and where they work them from. This means businesses like yours need secure, reliable connectivity whenever and wherever it's needed to help you challenge the status quo and achieve more. That's where we can help.

With Virgin Media O<sub>2</sub> Business, you can get all your broadband and mobile connectivity needs met, across multiple locations, from one trusted supplier. We offer a wide range of products to choose from and expert technical support to get you up to speed quickly.

# So why choose us for your business?

## We're reliable

Reliable connectivity means fast devices with less intermittent internet or glitches. It also means happy, motivated staff with the right mobile data contracts and the ability to set up temporary hotspots so they can move between different workplaces – whether it's a collaboration space or a construction site.

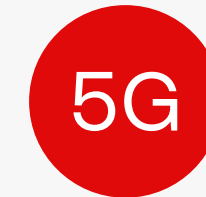

Our leased lines for business have 99.85% service availability<sup>1</sup> with 24/7 monitoring and management from our in-house engineers, so you can do business with confidence.

**Voted Best Network for Reliability three years in a row<sup>2</sup>**

**Over 14,000 wifi hotspots across the UK<sup>4</sup>**

**5G in over 800 towns and cities<sup>3</sup>**

<sup>2</sup> Awarded Best Network for Reliability by Global Wireless Solutions (GWS) in 2019, 2020 and 2021.

<sup>3</sup> 5G device, sim and tariff required to access 5G. 5G available in selected areas.

<sup>4</sup> Wifi is subject to availability. Fair use policy and terms apply.

## We offer 4G roaming in over 140 destinations for whenever you're abroad

If you travel for business, we'll keep you well connected while you're away. You can get 4G roaming in over 140 destinations, with the flexibility of EU roaming at no extra charge, up to 35GB.<sup>5</sup>

<sup>5</sup> Customers on Unlimited Data tariffs will be charged if their usage exceeds 35GB in our Europe Zone. For more details see your [Terms](#) and [Fair Usage Policy](#).

## We help you stay secure in the office and on the go

Having up to date cyber security is so important for businesses. Our security apps deliver the safety you need. Plus with Dedicated Internet Access from Virgin Media Business, you get a leased line with Cisco cybersecurity built in. This means you can enable hybrid working without losing sleep over sensitive data.

## We take flexibility to the next level

As your business changes, we change with you. Every month, we automatically roll over your unused data to the next one, so it won't go to waste<sup>6</sup>. Plus, our flexible tariffs enable you to flex your data up or down every month to suit your needs<sup>7</sup>. We even have sharer tariffs where you can reduce costs by sharing data across users<sup>8</sup>.

Not only do we offer a range of contract lengths, we also offer flexible business tools. From Microsoft 365 to Sophos, our digital tools will help your people work effectively and securely from anywhere. That's why 81% of our customers asked would recommend us for flexibility.<sup>9</sup>

## We're here when you need us

Our unrivalled service means we support you every step of the way. Our free digital consultation enables our experts to understand your business needs so that they can tailor recommendations to you. Or for more complex scenarios, our solution architects can create a bespoke solution that is designed specifically for you<sup>10</sup>.

Then a dedicated account team will be there for ongoing support making sure you have everything you need to continually meet your goals.

<sup>10</sup> There is an additional charge for this service.

## And for our communities, which is why we're sharing more

At Virgin Media O<sub>2</sub> Business, we're on a mission to give everyone the digital confidence they need so that no one is excluded from our increasingly digital society. Our [Connect More Programme](#) is delivered by our staff volunteers who share their time to help with digital skills training at local authority drop-in sessions. Every one of our employees can take up to 5 volunteering days a year and all our volunteers receive digital champion training to be well equipped to help others.

As part of Virgin Media O<sub>2</sub>'s Better Connections Plan, we're sharing over 60 million GB of free data with people in need through the National Databank with Good Things Foundation. We're also supporting local communities by donating free data plans to help Big Issue vendors become cashless, reconnect with family and access essential online services.
